Attachments: Replacement Sheets 1-8

**REMARKS**

The present Amendment is being filed to clarify the "Cross-Reference To Related Applications" ("Cross Reference") in the originally filed application and to submit replacement formal drawings. Applicants notified Examiner Cartegena by telephone message on Wednesday, September 3, 2008, as well as Primary Examiner Kevin Shaver by telephone message on Thursday, September 4, 2008, of the desire to file an amendment.

Applicants have amended the Cross Reference to more clearly recite that the present application "is a continuation-in-part" of U.S. Patent Application Serial No. 29/196,339 ("the '339 Application"). Applicants note that the claim of priority to the '339 Application was set forth in the originally filed Application, as well as the Application Data Sheet. Moreover, the priority was acknowledged in the filing receipt. Accordingly, Applicants respectfully submit that no new matter has been added.

With respect to the drawings, Applicants have submitted eight formal replacement drawing sheets. Applicants respectfully submit that no new matter has been added. Applicants have also forwarded a copy of the Amendment and corresponding replacement drawing sheets to the Office of Patent Publication, as set forth in M.P.E.P. § 1303.01.

If there are any additional charges in connection with this requested amendment, the Examiner is authorized to charge Deposit Account No. 12-1095 therefor.

Dated: September 5, 2008
